

Crossware - IBM Lotus Wizards

Brewing Solutions Since 1991

Highlights

■ **Overview**

Collaboration is the name of the game in today's business environment.

■ **The Challenge**

To enable web-based solutions that promote collaborative teamwork.

■ **The Solution**

IBM Lotus QuickPlace empowers online teams to work with anyone, anywhere, anytime.

What's Been Cooking?

IBM Lotus QuickPlace - online teamwork with anyone, anywhere, anytime. Our QuickPlace wizards have been brewing web-based solutions that promote collaborative teamwork, no matter where in the world the team members are.

We have developed solutions for:

- *Project management*
- *ISO documentation*
- *IT helpdesk systems*
- *Technical knowledge bases*
- *Business planning and reporting*
- *Health and safety protocols*
- *Co-authoring joint publications*

The team workspaces can include:

- *Secure deal rooms*
- *Virtual offices for teams of mobile consultants*
- *Web-based document management systems for mobile businesses.*

QuickPlace isn't voodoo. It's a genuinely rapid development environment, and Crossware are the local gurus. So consider rolling out that next development online with us. You'll be surprised at how little it costs!

What Else Has Been Cooking?

Crossware CRM -

Customer Relationship Management

Talk to us before selecting a CRM solution. Our Lotus-based CRM solution - one of the finest on the market - is the result of 15 years' business and technical experience and thousands of development hours. So join the growing list of customers who have chosen Crossware CRM. These clients, which include high-profile public and commercial organisations, are spellbound by the product - let us show you why!

Why Work With The Magic Merchants At Crossware?

Product knowledge - We supply all the Lotus development skills that you'd expect. But what will really levitate you is our wizardry with; Domino.doc - Industrial-strength document management with an Internet Explorer front-end.

QuickPlace - Web-based project management and virtual office-style intranet tools.

Sametime - Military-strength real-time communication and application sharing.

Hosting services - From our offices in Parnell, Crossware supply public hosting services for the knowledge management solutions mentioned above. So don't gaze into your crystal ball, trying to decide whether to commit to a large capital investment in software. Rent it!

Professionalism - Enjoy the benefits of working with seasoned professionals; our clients attest to our consistently high standards of professionalism and to our habit of over-delivering.

Track record - We've been concocting magic with Lotus products for almost 15 years, ever since Crossware was established as one of the world's first IBM Business Partners.

Technical expertise - Crossware's programmers are first class - the ones that didn't make the grade were turned into frogs long ago!
